

STROMNESS GOLF CLUB- £140 ASSOCIATE GOLF MEMBERSHIP

Now here's an idea

- Don't play golf as often as you'd like to
- Play golf for £30 a round x times a year
- Like to play the occasional 9 holes in the summer after work
- Or 18 holes on a weekend
- But can't justify the costs of a full membership
- Our brand new Associate Golf Membership is designed to suit peoples lives today, where pressures from work or family leaves little time to play golf

Here's the deal

- An ideal membership for those trying golf for the first time and do not wish to commit to competition or the expense of a Beginner/Full Membership
- This membership is perfect for the casual golfer and a great introduction to the benefits of Club membership i.e. Social member, use of Club facilities, locker hire etc
- If you have not paid a golf membership at SGC for over 3 years, this may well be the opportunity you need to get back into the swing of things again
- If you "get the golf bug" and want to play in competitions, you can transfer to Beginner/Full Membership (additional payment would be required)
- Golf Insurance is part of your membership fee (only valid on SGC)

The downside

- You can only play from Yellow Tee markers
- No reduced golf rates for friends/family
- Not eligible for Country Membership at OGC or SRGC
